What our guests say:

“Wonderful Kimberley Camping Tour

“Totally agree with other reviewers that Inspiration Outdoors run amazing tours. I chose them based on the great itineraries but the "above and beyond" factors for me include:

The surprisingly high quality meals: nutritious not just filling

The fantastic, tireless guides who balance great information with humour

The overall emphasis on safety which enables me to go beyond my comfort zone and still feel totally safe.

The great preparation: all tour agencies seem to talk about 'being reasonably fit' but these guys tell you exactly which exercises and prep to do

The tent arrangements, which mean that even those of us who are not great fans of camping can feel comfortable
I can't imagine a better way of seeing the Kimberley.”

Itinerary: Kununurra to Broome

(Broome to Kununurra Itinerary also available, please request)

Your guides will accompany you each day as they facilitate your adventure. Please note that you are always welcome to take a day off from exploring. The itinerary plan may alter depending on local conditions and weather.

Day 1

Kununurra to Purnululu (Bungle Bungles)

After picking you up from Kununurra we'll head for Purnululu National Park – one of only three natural World Heritage sites in Western Australia. The 53 kilometre road into the park is our introduction to outback tracks - with creek crossings, wash aways and rough slow sections. After setting up camp, come for a stroll and watch the sun set against the red rock of the Bungle Range– bring a drink if you like!

Day 2 & Day 3

Purnululu (Bungle Bungles)

More star filled evenings, as we spend the next two days exploring the natural wonders the park including Echidna

Chasm, Mini Palms Gorge, the spectacular orange and black 'beehive' domes, Piccanniny Creek and Cathedral Gorge. There is time during our stay for an optional helicopter flight over the Bungle Bungle Range.

Day 4

Purnululu (Bungle Bungles) to Kununurra

We'll depart fairly early today and head back to Kununurra to resupply. Upon arrival in Kununurra, there will be time this afternoon to catch up on washing, postcards or just to relax. The crew will be organising the fresh food requirements for the next section of the trip. Dinner is not included tonight to give you the opportunity to taste some of the local delights.

Day 5

Kununurra to El Questro

Today we head for El Questro Wilderness Park via Wyndham, where we take in the views from the Five Rivers lookout. We will also spend time visiting Parry's lagoon which is a great spot to experience masses of waterbirds and the possibility of seeing a saltwater crocodile or two.

Day 6 & Day 7

El Questro Station

During these two days there will be plenty of walking options that we will undertake here. These include Emma Gorge, Telegraph Hill & El Questro Gorge walks plus there is an optional cruise on Chamberlain Gorge if anyone wants an

easy afternoon. Dinner is not included on one of these nights to give you the opportunity to enjoy dining at the Homestead restaurant.

Day 8

El Questro Station to Manning Creek

Enjoy the scenery and a true blue 'Gibb River Rd massage' today on this mostly driving day. The typical Kimberley scenery includes the Pentecost River Lookout, which overlooks the river flood plain and the tabletop ranges beyond. We'll cross the Durack River and pass the site of the old Durack River Homestead – destroyed by flood in 2002. After setting up camp at Mt Barnett station, you can enjoy a revitalising swim in the oasis of Manning Creek.

Day 9 & 10

Manning Gorge area

Our next two days are filled with opportunities to discover more gorges, beautiful swimming holes and the unique flora and fauna of the region. We will hike to Manning Falls, take a refreshing dip near the waterfall at Galvan's gorge and explore other gorges in the area. There will also be the option to spend time relaxing near the campsite, reading by the river and washing a little of that pindan dust off your white clothes (good luck!)

Day 11

Manning Gorge area to Windjana Gorge

Waking up to the sounds of birds chattering in the trees, we pack up our tents and head out for more adventures on the Gibb River Road. We will spend the morning exploring Bell Creek Gorge with its many rock pools, rapids and waterfalls. This is a spectacular spot for a swim before we drive to our last campsite, Windjana Gorge.

Day 12

Windjana Gorge and Tunnel Creek

Today we start to explore the Napier range, with a 7 km return hike through Windjana Gorge. The high walls of this gorge were once part of an ancient Devonian reef system that surrounded the Kimberley region. With its' variety of bird life, interesting reef walls and collection of freshwater crocodiles, Windjana will keep us enthralled for hours. After a delicious lunch, we drive out to Tunnel Creek where we spend the afternoon walking through the 750m long cave system. Tunnel Creek is a significant historical site for the local Bunaba people.

Day 13

Windjana Gorge to Broome

There might be time for a short early morning walk beside the gorge wall before leaving Windjana. On our way to Broome, we'll visit the famous Boab Prison Tree before our wonderful outback experience comes to an end. Upon arrival you will be transferred to Broome Time Resort.

As the tour leaves early in the morning you will need to fly into either Broome or Kununurra (depending on your

We will drop you off around 3pm on the last day to Broome Time Resort. We cannot guarantee our return time on the last day due to the unpredictability and remoteness of the Gibb River Road so we recommend staying a night after the tour. (you may want to stay more, especially in Broome as it's a great little town to explore)

Please see our below recommendations for accommodation in Broome and Kununurra;

Broome:

- Broome Time Resort
- The Mangrove Hotel
- Kimberley Travellers Lodge Broome for a cheaper but still good option. (Ask for a private room!)
- The Mercure
- The Oak
- Beaches of Broome (at Cable Beach so a little further away from the main town)

Kununurra

- All Season (formally the Ibis)
- Kimberley Croc backpackers for a cheaper but still good option.
- The Kununurra hotel (the Pub)

Is this tour for me?

This tour has been designed for active people with a love of nature and a bit of an adventurous streak. The majority of our guests are over 55 years old and walk, cycle or swim regularly (but not run half marathons!).

This is not a "hard core" hiking experience. Our guests are not content to sit on a bus all day but nor are we about forced marches. Our focus is on delivering a tour that does not rush, and has a good balance of activity and rest.

For the most part the walks are not particularly long however they do require walking over a lot of rocks which can be challenging for some people not used to balancing. This is however something that can be improved prior to the tour.

Tell me more about the camping experience...

This is a camping tour with lots of comfort. (As we like to say it's a camping tour for non campers!) Each person will have the use of their own tent (they are really easy to put up and we will help you) as well as a knee high stretcher bed and self inflating mattress. Even if you are travelling with a friend or a significant other you will have access to your own tent or you are more than welcome to share. You will need to bring a pillow and sleeping bag or you can hire a sleeping bag from us for \$35 (to cover dry cleaning at the end of the tour).

There are toilets and showers at all of the campsites with the exception of the showers at the Bungle Bungles where we rig up a rudimentary shower.

A holiday isn't a holiday if there isn't time to relax and reflect on the day's adventures. Our guides are there to make sure your camping experience is enjoyable and will carry out all

the campsite duties, of course any help is always appreciated. You'll spend the nights relaxing on comfortable armchairs enjoying the sights and sounds as you sit around the campfire, recapping the highlights of the day with your fellow travel companions.

Dietary requirements?

From vegetarians to pescatarians to meat loving carnivores with an aversion to cucumbers we cater for all dietary requirements and will make sure you are well fed and looked after on tour. Your resourceful guides will ensure that fresh local produce and ingredients are used when available.

Average Temperature (degrees):

May: 18 min - 33 max

June: 15 min - 30 max

July: 14 min - 30 max

Aug: 15 min - 33 max

Keep in mind it can get below 10 Deg during the night at some of the campsites, incl Bungles and Bell Gorge.

How many guests will be on the tour?

Minimum and maximum numbers apply. This tour has a minimum of 6 and maximum of 15 passengers.

Accompanying the group will be 2 guides from Inspiration Outdoors who will cook, drive and look after all of your needs while on tour.

What's the average age of walkers?
