

Great Ocean Walk

Distance: end to end -104km **Duration:** 7 Days / 6 Nights

One of Victoria's most iconic walks, the Great Ocean Walk meanders through spectacular national parks full of tall forests, coastal heathlands, wild rocky shores, river estuaries and windswept cliff-tops presenting amazing coastal views - nature truly unfolds around every bend. Carry only a day pack as you enjoy the amazing sights of one of Australia's greatest multi-day walks.

By walking the 104 km Great Ocean Walk as a series of day walks in graded stages, people with a moderate level of fitness can complete the walk. Excellent home-made food, comfortable lodge style accommodation and knowledgeable guides will complement your trip.

Join us on a Great Ocean Walk end to end tour this year and tick this amazing walk off your bucket list. It's a challenging but achievable walk which you'll look back on with a great sense of satisfaction.

Level: *Moderate*

A guide will accompany you each day as you walk between 8 and 23 km. There's no easy days on the Great Ocean Walk; but, with a moderate level of fitness, they are all enjoyable! There are some steep sections, and a bit of beach walking, which can be challenging, so we recommend training.

Each day we will resume the walk from where we finished the previous day. Please note that on some days there are options to walk half a day; and you are always welcome to take a day off.

Itinerary

Day 1

Apollo Bay to Shelly Beach
Distance: 8km

We depart Melbourne CBD at 8am, heading for the spectacular Great Ocean Road and Apollo Bay – the start of the Great Ocean Walk. Enjoy the first of many fresh picnic lunches for the week, get to know your walking companions and see if you can spot some Australian Fur Seals out on the rocks.

The walk today is relatively easy with some short sections of beach walking and a few hills. Keep an eye out for Koalas near Shelly beach!

Note, as we walk on the first afternoon, please wear your hiking clothes on the bus and bring your day pack ready to go. After our walk the bus will meet us at Shelly Beach carpark and we will drive to Cape Otway Lightstation.

Day 2

Shelly Beach to Parker Hill
Distance: 21km

Today the walk starts off by heading away from the coast and into towering forest of Mountain Ash, a characteristic feature of this part of the Great Otway National Park.

There are a few hills to negotiate before re-joining the coast at Blanket Bay. Blanket Bay is one of the few safe swimming locations along the walk.

After a picnic lunch at Blanket Bay the track then meanders along cliff tops and through coastal forests to Parker Inlet. Look out for black wallabies, echidnas, black cockatoos and other wildlife along the way. We end our walk at the top of Parker Hill.

Day 3

Parker Hill to Castle Cove

Distance: 23km

Our path this morning will take us inland through manna gums towards the Cape Otway Lightstation. Keep an eye out for more Koalas along this section.

From the Lighthouse the track winds its way through wind sculpted landscapes of sand dunes, coastal scrubland and magnificent calcified cliffs. As we come closer to Aire River Valley we will get some fantastic views down to the estuary where the Aire River meets the Southern Ocean and Glenaire Beach.

From Aire River we head inland for a bit, climbing up and around the next headland before rejoining the coastal track, with sweeping views of the rugged coastline. We end our day at Castle Cove lookout, surrounded by towering cliffs which have high archaeological significance.

Day 4

Castle Cove to Milanesia Beach

Distance: 17km

A very varied day today, as we walk from Castle Cove along cliff tops, through heath-lands and forests, occasionally emerging to give breathtaking views along the extensive coast. Beautiful expanses of grass trees and, in spring, wonderful wildflower displays. You may be lucky to see Peregrine Falcons along this section.

Eventually the path emerges onto Johanna Beach, where we walk along one of Australia's best beaches with superb views and enormous crashing surf. From Johanna Beach the path heads through rolling hills inland, where you can expect to see Eastern Grey Kangaroos, towards Milanesia Gate.

Day 5

Milanesia Beach to the Gables

Distance: 16km

The first highlight today is Milanesia Beach, which is one of those secret beaches not many people get to. The track then cuts through and alternates between farmland and isolated beach and sea cliffs with a roller coaster of ups and downs to reach Ryan's Den. From here you'll have breathtaking views all the way back to Cape Otway and west to Cape Volney.

Day 6

Gables to Gibson Steps

Distance: 19km

Today we will continue our walk from The Gables through a grove of casuarina trees to Wreck Beach. Here, at low tide, you can see the anchors of two of the many shipwrecks that lie submerged along this coast. The high tide route will take us to Devils Kitchen, where we will then follow the trail that hugs the wild coastal cliffs towards Princetown.

The wetlands around Princetown support a wide variety of bird life, where we will cross the Gellibrand River on a trestle bridge to embark on one of our last sections to the 12 Apostles. A pleasant walk through coastal scrub and escarpment will start to reveal stunning views of the looming Apostles. We will end our walk today at Gibson's steps, taking in the eastern Apostles from sea level for a unique perspective.

Day 7

Gibson Steps to 12 Apostles
Distance: 2km

This morning we take the short walk from Gibson steps to the Twelve Apostles visitor centre – the end of the Great Ocean Walk!

Here you'll have time to wander the boardwalks and viewing platforms before the rush of the crowds. Included in your tour is a 15 minute helicopter flight to see the spectacular coastline and the 12 Apostles from the air.

After stopping in at the fabulous Loch Ard Gorge for morning tea we will head in to the quaint coastal town of Port Campbell for a look around. Pick up some take-away lunch (own expense) before we make our way back to Melbourne, arriving by late afternoon.
